## Quick Tour of a Learning Activity

### STEP 1: Main Menu

Select a skill to practice from the main menu: **Listening**

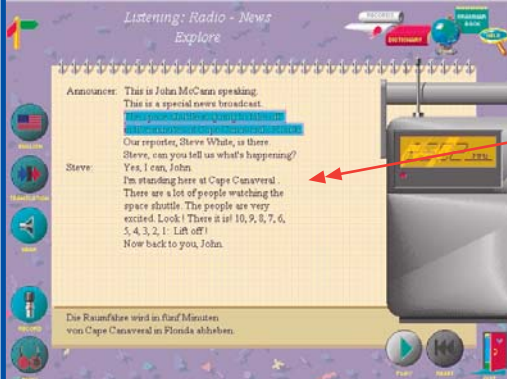

### STEP 2: Listening Menu

Select a type of audio recording to listen to from the radio, the television or the answering machine: **Radio -- News**. Select **Explore**.

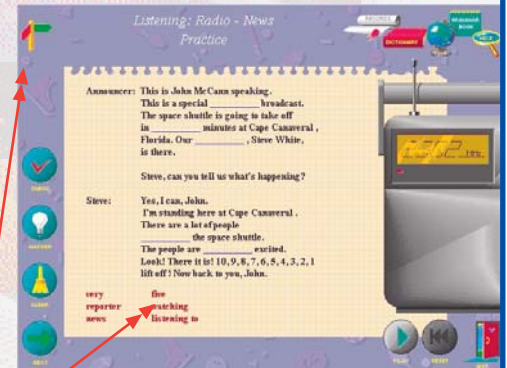

### STEP 3: Explore Screen

**Listen** to the Radio by clicking play. While listening, you have the options of **reading** the associated text, and seeing a written **translation**. You may then **record** your own voice for comparison.

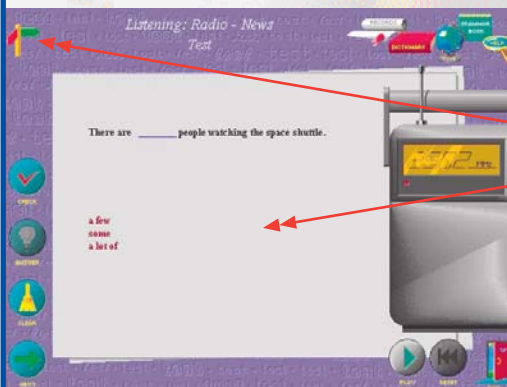

### STEP 4: Practice Screen

Select **Practice** from the Main Screen or the **Guidepost**. Complete the cloze exercise by clicking on a word then clicking on the appropriate blank as you listen.

### STEP 5: Test Screen

Select **Test** from the Main Screen or the **Guidepost**. Then answer the questions posed about the audio recording you just heard. Click on the arrow to go to the next question. Select the check mark to check your work. Once checked, results are stored in your student record file. The only way to change the results is to take the test again.
